1. Empty pouch into
 partially filled bathtub
 2. Continue filling tub
 3. Stir until dissolved
 4. Relax and Enjoy!

Directions:

**Oatmeal and Milk
Bath Sachet**

Recipe: Put 1/2 cup oatmeal in a blender and mix until finely ground. Add 2 cups powdered milk and blend until the consistency is a fine powder. Add 1 cup cornstarch and 1/2 cup baking soda, mix (don't use blender!) well. Place 3 tablespoons in each sachet. Makes approximately 12 sachets.

Directions: Cut out sachets, don't cut off the bottom flap! #1 Fold the two side flaps and the bottom flap to create the back of the sachet. Add a light layer of glue to the side flaps and press to back flap, creating the sachet. **WAIT** until the glue is **DRY** before filling. #2 When filled fold top flap and add a light layer of glue to close sachet.
